## FOR THE LITTLE FOLKS.

THE MONTHLY COMMON SCHOOL VISITOR is the name of a new MONTHLY intended especially for the pupils of the public schools, as a lesson paper and assistant in their studies, enabling them to pursue the various branches of the common school course at home or during vacation and also acting as a valuable assistant in the school room.

Most educational publications are intended specially for teachers, but this one appeals directly to pupils. Teachers will find a great aid in their laborious calling, and can easily introduce it into nearly every family in their respective districts. A few live teachers are desired to act as agents, and the right kind of men will be given exclusive territory in which to work. For particulars and sample copies

D. C. Lord, 7.

**Died.**

On Saturday, April 2nd, Willie E. son of Mr. and Mrs. W. J. Ashlock, of this city, in the 15th year of his age.

The funeral took place from residence of the family at 2 1/2 o'clock, Sunday afternoon, Rev. J. C. Shipp officiating minister. The bereaved parents have the warmest sympathies of their many friends, in their bereavement.

Rev. F. M. Green.

This gentleman, we are glad to note has been re-appointed to the Kirksville Circuit by the Missouri conference, and should have been so announced in the list published last week. The omission was purely accidental on the part of the compositor, as it appears in the copy furnished Mr. Green has made a host of warm friends throughout North Missouri, not only among his own brethren, but with the people at large, and we are glad to have him with us for another year.

**Wolves.**

Mr. Geo. Shaw informs us that his flock of sheep has suffered quite severely from the ravages of wolves. One night last week they got away with three full grown sheep and twenty lambs. He has lost about ninety head altogether, this winter, from disease and the wolves.

**Serious Accident.**

On the 31st ult., Mrs. J. H. Smith of Walnut township was riding from her home to visit a neighbor, the mare on which she was riding suddenly reared, fell backward, and died. Mrs. Smith sustained a serious injury to her left arm by the fall.

**Shiloh's Consumption Cure.**

This is beyond question the most successful Cough Medicine we have ever sold. A few doses invariably cure the worst cases of Cough, Croup, and Bronchitis, while its wonderful success in the cure of Consumption is without a parallel in the history of medicine, since its first discovery it has been sold on a guarantee, a test which no other medicine can stand. If you have a Cough we earnestly ask you to try it. Price 10 cts. 50 cts. and \$1.00. If your lungs are sore, Chest, or Back, Lame, use Shiloh's Porous Plaster. Sold by T. R. Fowler, Druggist, Kirksville, Mo.

**NEW PAPER**—The Milan Free-Press is the name of a new paper which has put in an appearance on our table. The first number presents a clean, neat and newsy appearance. A. C. Caylor is publisher and editor.

**"WINE OF CARDUI"** for Ladies only.

For sale by J. G. Jamison.

**The County Paper.**

The "little county paper" is the best read paper in the world. No other contains the marriages and deaths, to say nothing of divorces and births; no other relates the accidents happening before the doors of the villagers; no other gives the time for the next ball, picnic, or political meeting; no other discusses the affairs of the town and county, the arrival of new goods on the merchants' counters, or a new hat on the editor's desk. Without a paper, the town that has ever enjoyed a well managed one feels indeed lost.

**Answer This Question.**

Why do so many people we see around us, seem to prefer to suffer and be made miserable by indigestion, Consumption, Dizziness, Loss of Appetite, Coming up of the food, Yellow Skin when for 75 cts. we will sell them Shiloh's Vitalizer, guaranteed to cure them. Sold by T. R. Fowler, Druggist, Kirksville, Mo.

**Shiloh's Catarrh Remedy.**

A marvelous cure for Catarrh, Duphtheria, Canker mouth, and Head Ache. With each bottle there is an ingenious nasal Injector for the more successful treatment of these complaints without extra charge. Price 50 cts. Sold by T. R. Fowler, Druggist, Kirksville, Mo.

**Lovely Sermon.**

A lively little skirmish occurred in commissioner Music's office this morning in which our efficient deputy U. S. marshal and a Chariton ranger whose name we did not learn, were the parties. The latter was decidedly the worse for liquor and was using some very insulting language directed toward Mr. Williams, when the latter shut off his talk in a summary manner. Bystanders interfered and the belligerents were separated.—Saturday's Daily.

Stoan, Johns & Co., came out on top—for a fact.

It was not whisky but the other fellow that got the black eye Tuesday.

A temporary victory sometimes kills a man or a cause better than a defeat.

The jollification last night did not lack or seem to lack the necessary stimulant.

Cold water may be good for some purposes, but its thin for electoneering uses.

THE GRAPHIC worked and voted for a straight ticket—and no side issues. It is not ashamed or sorry.

A pleasant time at the pound party at the residence of A. L. Shepherd, Monday evening.

Some folks in Kirksville remind us of the fellow who was in favor of the prohibition law, but opposed to its execution.

Probably it would be well to submit side issues to a direct vote next time.

REPUBLICANS need not be ashamed of the stand they took Tuesday in the city election except those who took a stand against the ticket.

By the way, did not the GRAPHIC advise a little moderation a month or two since? Advice which was spurned and rejected with contempt?

There was but little attention paid to the school election Monday, the contest over the Mayoralty absorbing all other interests.

THE boys, who always come out ahead, no difference which side wins, were out in force, and noisy as usual on Tuesday night.

By the way, we counted seven cows going through six farmer's wagons the other day. It is time that ordinance was put in force.

We shall wait patiently for the promised boom in business when the woods and catholics of Knox county are to again turn their trade into Kirksville.

The GRAPHIC has been enjoying a handsome run of job work for the past month. A large and hand-ome cut for horse chromos has just been received.

Those journalists and stalwart republicans who are such zealous temperance men and yet bolted the regular republican city ticket and voted the opposition yesterday, were not connected with the GRAPHIC office.

W. T. O'Brien assaulted Mr. Patterson on the street last Tuesday. From the information we have received in regard to the case the assault was entirely unprovoked and inexcusable. O'Brien was taken before Squire Link, and gave bond for his appearance on the 11th.

A wild eyed individual with a bundle of manuscript, labelled spring poetry, called this morning and remarked that inasmuch that "Winter still lingers in the lap—" He never finished the sentence. Our self-setting, double back-action kicking machine just then went off. Funeral as soon as the fragments are all secured.

THERE was a time when the senate of the United States was one of the most dignified bodies in the world, and commanded the greatest respect. Now members of that body stand up and call each other names and otherwise conduct themselves in a manner which would be unbefitting to boys in a country debating society.

We learn that F. M. Harrington has sold the N. M. Hotel property to Mr. C. Hecker who will occupy the building himself.

Moses Huges and Joe Johnson charged with robbery at Clarksville were brought before Squire Richey Monday and bound over to circuit court in the sum of \$600 each, and in default of bond were sent to the Shaver hotel.

Harve Sloan was tried before the mayor and a jury Friday, for violating this tangleton ordinance. He was fined \$25, and on a refusal to pay, was committed. His attorneys sued out a writ of habeas corpus and Judge Ellison released him, deciding that the ordinance stands repealed.

**EDITOR GRAPHIC**—Now that our election is over, and the excitement, I may say, subsided, I hope that things may move along smoothly, and the people be friendly, and that our new mayor and board may make it a point (and I believe they will) to do better than the old have done, which should they do and succeed, the defeated parties will have no reason to complain.

WM. HART.

The Seavy Hunting Club, composed of the principal sporting men of this city, are encamped on the Chariton this week hunting ducks. They are a jovial set and we predict a successful trip for if they fail to make a big catch they will rope in enough fun to make it all up.

**A Dead Baby Found.**

Yesterday news came to this place of the finding of a dead infant concealed under a haystack upon the farm of Thomas Vallandigham, living nine miles west of this place.

The coroner, John Waddill, accompanied by Sheriff Shaver, Prosecuting Attorney Risdon, and Dr. Goblen went out to investigate the matter.

A coroner's jury was summoned and the evidence elicited the fact that Mary Truitt, a married woman was the mother of the child; that she had concealed it under the hay-stack, and that though the corpse was that of a fully developed infant, it had never breathed.

The verdict of the coroner's jury was that the child came to its death through willful neglect on the part of its mother, Mary Truitt.

## NORMAL NOTES.

School opened Tuesday last, with a fair attendance of gentlemen but few ladies.

One of the ladies was heard to remark that there were "two gentlemen escorts for every girl in school."

The societies are making extensive preparations for the open sessions, in June.

Misses Nellie Gillmore and Ola Craig, two of the brightest stars in the Normal galaxy, left for their homes on Friday last. They have been attending since September, and have made many friends, among both teachers and pupils.

Miss Nettie Willard has again entered school and "Charley" smiles as pleasantly as before.

Prof. Ford is a fine tenor singer. He can sing divinely on the chord B flat, but thinks (L.) B. Sharpe far preferable, as to more harmonious.
